DETAILED ACTION

The amendment filed 9/22/03 has been entered.

Allowable Subject Matter

Claims 24-31 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 24, the prior art of record neither shows nor suggests a dielectrically impeded discharge lamp with a spacer made from an optically transparent insulating material having an optically diffuse surface and arranged inside the discharge vessel between the two vessel walls and in contact with the two vessel walls via bearing surfaces and one hemisphere of the spacer being coated with a fluorescent material, the coated hemisphere being oriented in such a way that its pole lies inside the bearing surface with the front plate, the other hemisphere not being coated, in combination with other claim limitations.

Regarding claims 25-31, dependence on a base claim and the reasons listed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments with respect to claims 24-31 have been fully considered and are persuasive. The rejection of claims 24-31 has been withdrawn.
